TERMS OF SALE

This sale is made for cash. Bills payable and goods ready for delivery immediately after conclusion of the sale. The highest bidder to be the buyer. Should a dispute arise and the disputant has a voucher that he was bidding, and is willing to advance on the price at which the lot was stricken off, the said lot will be put up again and resold to the highest bidder. This does not apply to where a bidder has not made any offer prior to the said item being knocked off—then the auctioneer will use his judgment as to the good faith of all claims, and his decision shall be final.

The auctioneers reserve the right to refuse the bid of an individual if he declines to make a cash deposit or pay sum bid on their request to do so.

No lot is separated. All are sold so much each piece and subject to the catalogue description and number. Should any lot be misplaced, the buyer does not acquire any right in it if it is stricken off without the mistake being discovered, and such a lot must be returned to the auctioneers. If any lots cannot be delivered, the auctioneers and cataloguer are only responsible for its value as sold at this sale. The cataloguer and auctioneer reserve the right to bid on their own account and for their clients who have sent them bids to be executed.

Every item is guaranteed genuine, and this holds good indefinitely.

No coins exhibited during the progress of the sale unless by special request, when every courtesy will be extended that is possible. Collectors are requested to carefully examine the coins while on exhibition, from 9 to 12.30 o'clock day of sale at the auction rooms, marking their catalogue, thus being prepared, as the sale progresses at the rate of 200 to 250 lots per hour.

I will carefully and faithfully execute any bids entrusted to my care for a commission of 5 per cent. on the amount purchased. No charge for work done on any not bought.

The auctioneers will execute bids free of charge, but assume no responsibility, and require payment prior to delivery of goods.

The cataloguer and auctioneer will not be responsible for any errors made by bidders.

Hand-priced catalogue after sale for fifty cents.

COLLECTION OF MR. A. D. DAVIS.

GREAT BARRINGTON, MASS.

UNITED STATES CENTS.

1 1793 AMERI. Head of liberty with short hair. *Rev.* Chain of links UNITED STATES OF AMERI. ONE CENT 1/100. Good. Short nick in obverse field; several edge dents. An excellent specimen for a medium priced collection—$15.-$20. Excessively rare, I should say ten times as rare as a 1799 cent. Crosby 1-A.

2 1793 AMERI. As last. Fine. Slight crack between I. B., pin point nick near edge; very slight edge dents. Die broken along edge from T to T in STATES. A rare variety. Steel color. Excessively rare.

3 1793 Chain. AMERICA. Head of liberty with short hair. Very fine. Surface very lightly eroded. Very slight dent on edge. Light steel color. Very rare. Crosby 1-C. Cost $40.

4 1793 Chain. AMERICA. Head of liberty with long flowing hair. Period after LIBERTY another period after 1793. The coin is in fine condition but has suffered from nicks and dents, most of which are on reverse—the obverse shows a point pick before the point of the bust; and two small pin head corrosion spots on lower edge, a nick on edge near L of LIBERTY. Reverse has bad dents on about half the edge. Steel color. Very rare. Cost $20. Crosby 4-C.

5 1793 Wreath. Small head of liberty, hair in heavy masses, LIBERTY and date small; sprig with three large leaves. Very fine. Very minute erosion on right half of obverse, so minute that it almost takes a magnifying glass to see it. Light steel olive color. Very rare. Cost $50. Crosby 7-F.

6 1793 Wreath. Same variety. Very good. Small dent on reverse edge. Light olive. Rare.

7 1793 Wreath. Similar. Extremely fine. Surface of obverse lightly burnished before face; nick on lower part of cheek. Sharp, even impression. Brown color. Rare. Crosby 9-G.

21 1794 Hays No. 34. Fine. Steel color.

22 1794 Hays No. 35. Very fine. Slightly eroded surface. Dark olive. Sharp even impression.

23 1794 Hays No. 41. Poor. Field of obv. burnished before bust. Very rare.

24 1794 Hays No. 43. Extremely fine. Wonderful sharp impression, and even too both on obverse and reverse. Surface very lightly eroded and slight granulation on point of the bust, but a very beautiful cent nevertheless. Light brown color.

25 1794 Hays No. 45. Extremely fine. Milling is only off *over* LIBERTY which is very unusual; otherwise milling is deep. Brown color. Slight dent on edge. A desirable example.

26 1794 Hays No. 46. Fair. Center of reverse worn so that ONE CENT is only partially visible. Fraction clear. Light olive. Rare.

27 1794 Hays No. 48. *Before the die broke,* which is seldom seen. Surface lightly pitted by corrosion. Very good. Very rare.

28 1795 ONE CENT in center of wreath. Uncirculated. Milling broad and even on obverse but not fully struck up. Slight specks of granulation in the copper before striking still show on obverse; in field behind head, in milling over LIBERTY, on cheek and before bust, but they are small. Considerable original red color turning to light olive. Cost $35.

29 1795 ONE CENT high in wreath. Extremely fine. Sharp, even impression. Pin head spot of granulation on edge of reverse. Beautiful light olive. Cost $20.

34 1796 Bust. High 6. Gilbert 32 *obv.* 6, *rev.* 5. No milling around obverse edge. *Rev.* Deep milling but is marred by bruises, were it not for these edge dents the coin would be very fine. Steel color.

35 1796 Bust. Gilbert 15. Die cracked from edge below 7 to edge behind bust. *Rev.* Cracked on edge over AT of STATES. Weak impression, the face not struck up fully and shows slight granulation in the copper. Extremely fine; probably never in circulation. Broad even milling. Light olive. Very rare.

36 1797 Close date. *Rev.* 16 leaves and 6 berries on left branch and 19 leaves and 6 berries on right branch, 1 of fraction near ribbon. A magnificent

cent of perfect light olive color and sharp, even milling around both obverse and reverse. Lustrous surface and must have been struck and preserved as a special specimen at the time for it is without a blemish. Cost $30 but is equal if not superior to one that sold for $47 (I think) at a sale a few years ago.

37 1797 Date slightly larger than last and a trifle wider. *Rev.* 16 leaves and 5 berries on left branch; 19 leaves 3 berries on right branch; wreath slender. Sharp impression. The milling all around obverse and reverse but not exactly even. Extremely fine, practically uncirculated but for a slight cob web abrasion on obverse. Steel color. A beautiful cent and very rare variety.

38 1798 over 1797 *Obv.* milling not even. Good. Scarce.

39 1798 Small, very wide date. *Rev.* As 1795 ONE CENT in center; slender, wide wreath of 19 leaves and 4 berries on left branch and 18 leaves and 4 berries on right branch. Surface lightly eroded. Die broken along upper edge from T to S in STATES. Extremely fine. Deep even milling around obverse and reverse. Steel, dark brown color. Rare in this preservation.

41 1798 Small close date. Die broken on edge before face, also cracked both up and down from this break, the former passing through T and Y of LIBERTY, the latter curving down field and making its exit on edge near point of the bust. Minute dent over I. *Rev.* Close heavy wreath of 16 leaves and 5 berries on left and 19 leaves and 5 berries on right branch. Die crack through ICA to below fraction. Slight edge dent over T in STATES. Extremely fine. Rich dark brown color. Cost $20.

42 1798 Large 8. *Rev.* Fine wide wreath of 16 leaves and 5 berries on left branch, and 19 leaves and 5 berries on right branch. 1/100 wide and even.

47 1799 Perfect date. For the man who wants the date here is the coin, for the date is remarkably bold, bottoms of 9's up. The coin has been corroded and long since burnished down (except around the date), so much so that LIBERTY is almost wiped off. *Rev.* Lower left side invisible. Cost $10. Brown color.

48 1800 over 1798 The under date showing plainly. Good. Edge has some light dents. Very rare.

49 1800 Dot in first 0 of date—break in die. Very fine, bold impression. A few minute nicks on obv. Light olive steel color. Rare.

55 1802 No ends to stems of wreath below the bow. Double fraction line. Uncirculated. Sharp, even impression. Beautiful pale light olive color. Very rare in this condition. Cost $20 but I consider it worth double that figure.

58 1802 Perfect dies. Very fine. Light olive.

59 1803 Small date. Large 1/100. Uncirculated. Superb example—in fact it is perfection of impression and a beautiful light olive color. There is a fine hair line die crack from 1 of date through hair to edge behind head—it's there for the die cracked collector,—but so almost invisible that to the collector who simply wants a gem cent of this year, need not regard it at all.

60 1803 Small 3. Large 1/100. Die cracked from edge between 80 in semi-circle to edge; remarkable that two dies should crack in almost same place as this and last one. Fine. Brown color.

61 1803 Small 3. Small 1/100. Extremely fine. Steel color.

62 1803 Small 3. Double chin. *Rev.* 1/100 over 1/000. Very good. Rare.

67 1805 Blunt 1 in date. Extremely fine. A few minute nicks, only one visible to naked eye. Even impression. Beautiful light steel color. D. No. 199. Very rare in this condition.
